

This Is Nations

CHORUS:

CHRIST the cornerstone

FAITH the foundation

LIFE the church

THE PLACE we call it Nations

More than a place though, more than a building

Its all of Gods people, men women and children

VERSE:

I wanna welcome everybody in the place, this is Nations

And No we aint just another organization.

We're a people on a mission for a transformation

Our Faith in Christs power is our foundation

No hesitation we keep on moving forward

The gates of hell shall not prevail against the army of the Lord

To the kingdom of heaven, we've been given the keys

Given all authority to bind up and set free

1 vision 1 plan 1 goal 1 mind

Show love for 1 another and let Christs light shine

All our people are equals you see we all move in unity

Not bound by these walls we reachin out to our community

This fire consuming me man I'm bout to let it spread

If you aint ready for life you might be left for dead

I aint tryna condemn but ya need a get it thru ya brain

Jesus Christ is the reason that this Church will remain
